7<sup>th</sup> March 2011

**School Vegetable/Flower Garden – Volunteers Needed**

Dear Parents

Two parents (Mr and Mrs Rowland) have volunteered to set up a new venture for the school where we can try and grow our own fruit and vegetables. To do this we are going to create three new large patches/beds on the school field. This will need some **volunteer adult help initially** to dig out the beds, lay the wooden borders etc. etc. Also we will be using the four existing raised box beds on the other side of school.

For this we are asking for volunteers (adults) to come along **this Saturday morning, 12<sup>th</sup> March, (9.00am start)** to get the project underway. Obviously when everything is set up the children will be in charge of looking after the everyday running of the scheme with the help of one or two adults. For this initial session we need people to help with the heavy work! Please bring along spades, forks, wheelbarrows, cordless drills etc.

I do hope you think, as I do, that in these days of eco friendly schools, organic food etc. etc. that this is a worthwhile venture. The children will learn skills for life as well as having the undoubted thrill of growing crops that you can eat and/or sell.

Please come along and help support the launch of this very worthwhile venture which hopefully we can sustain for many years to come.

We look forward to seeing you on Saturday morning fit and raring to go! The Good Life will have nothing on us!!!!

Yours sincerely

D Gerrard, R & A Rowland.
